

## SL8-150

This compact cabinet has been designed for installation in wine bars, pubs and anywhere background music is essential.

It uses the Volt FR220.1 coaxial driver. Its Thiele-small parameters are optimised for use in very small enclosures making it suitable for venues with low ceilings or tight space restrictions.

Constructed from 18mm birch plywood and fitted with binding post for easy connection.

Optional cloth covered version also available on request.

### Features:

8" coaxial driver with integral crossover and PTC protection for the ferrofluid cooled tweeter

### Applications:

Back ground music  
Wine Bars  
Pubs  
Fixed Installation

### Actual size (H x W x D)

260mm X 305mm X 255mm
